Co D Masquerade Ball.

The coming event is being shown in the much event to be given for the benefit of the rifle team of Co. D, 1st Inf., N. G. S. M.

The patrons of the Poverty Party given last month were so well pleased with the efforts of the company that there has been a demand for another such event and in response, a Masquerade Ball will be given in the Opera House, Friday evening, March 23d.

It promises to be a dressy affair as a large number have signified their intention of appearing in costumes suitable to the occasion. Many have sent away for special rigs. The members of the company will appear in uniforms of the service and will be at the service of the guests.

Masks will be worn until intermission, at which time refreshments will be served and the signal for unmasking will be given.

Preparations are now underway to give the guests the most enjoyable time of the season. A very elaborate program of dances will be rendered by Stearns' Orchestra. There will be plenty of opportunity for all who wish to dance either round or square dances.

The famous spring water from Pike's Hill will be dispensed by the company during the entire evening, free to all who care for it. That this is a popular thirst quencher is proven by the large quantity used at the Poverty Party and Clark's Ball.

The refreshments consisting of several kinds of ice cream, frozen pudding and fancy crackers will be served free to all those on the floor, members of the company acting as waiters. To the holders of gallery tickets refreshments will be served at fifteen cents per plate.

The company feels that it has a right to expect that the citizens of the town and also of the county, it being the only Oxford County company, will support its endeavors to raise the standard of rifle work to its highest possible place and to keep it there, thereby living up to the intent of the laws of the country for its protection and also to help keep the town in its position as one of the most famous. It is certainly something that all patriotic citizens should take an active interest in.

Shepard's Moving Pictures.

Archie L. Shepard's Famous Moving Pictures are announced for a return engagement at the Norway Opera House, Thursday, March 8, with an entirely new program made up of the latest productions in motion picture marvels, combining drama, comedy, sensational and magical creations and the latest achievements in travel pictures. The best program ever presented by Mr. Shepard is promised for Elsworth Church, not a single picture that has ever before been shown in this town by Mr. Shepard's companies will be reproduced.

As a special added feature Mr. Shepard has secured Mr. A. Price, the celebrated singer, late of the Grand Opera House, who will introduce some of the latest New York song hits, beautifully illustrated. Tickets at Stone's.

Col. F. R. Taylor and John A. Clarity, proprietor of the Temple hotel, Portland, were in Norway this week.

Mrs. Jennie Thompson and children have returned to Norway after spending a week in Brighton with relatives.

Elsie Davis and Mabel Abbott from Bethel were in Norway recently and stopped over night with Mrs. O. L. Stone.

Richard Walker has engaged to work for F. A. Knight of Yarmouth to learn the baker's trade. He commenced last Monday.

S. B. Cummings has been surveying the long and short lumber hauled into the mill since D. S. Sanborn was elected selectman, Tuesday.

Mr. and Mrs. Mark Wetzler have returned from Portland, where they have been this winter. Their grandson, Roland Thurston, came with them.

Dennis Pike is to have his soap manufacturing establishment off Paris street made into a double tenement. Horace Pike will have charge of the work.

The electric car track was cleared so the cars went to the head of Main street, Tuesday night. The snow, rain and cold Saturday night had a bad combination.

Hosea Abbott is to have a piazza built on the front of his house on Whitman street, windows put in and otherwise repaired. The work will be done by Horace Pike.

Archdeacon Seymour will conduct a Lenten service, this Thursday evening, and each succeeding Thursday evening during Lent, service beginning at 7.30 at the Episcopal church.

The Harry Rust Post and Corp invite Wm. K. Kimball Post and the ladies of the G. A. R. of South Paris to be present to camp fire, Thursday evening, March 15, at 7 o'clock at G. A. R. hall.

Mrs. George W. Locke has returned from Auburn, where she has been with her daughter, Mrs. Norris S. Tibbette. Mrs. Tibbette is recovering finely from the shock she had the first of the year.

John W. Webber has sold his farm on Elm Hill to Charles Merrill of Auburn. Mr. Merrill is to move his family there the first of April. The farm is well known as the "Nettie Bonney" is well known in Norway.

There will be a special meeting of Norway Lodge, No. 16, I. O. O. F., for working the third degree on four candidates, Thursday evening, March 15. Oxford Lodge, No. 61, of North Waterford has been invited to be present. Banquet after the work.

Mrs. L. M. Lunt gave a party, Tuesday evening, to a few invited friends. Those present were Mr. and Mrs. Eugene Smith, Edith Smith, Mr. and Mrs. Walter Maxim of South Paris, Harold Briggs, Murray Bigelow, Mrs. E. M. Marble and Dwight Marble of Farmington. The evening was spent socially and a general good time enjoyed.

At the business meeting of the M. E. church held by Presiding Elder C. F. Parsons, a unanimous call without exception was given the pastor, Rev. C. A. Brooks, to remain another year. Mr. Brooks responded with many thanks for a loyal people and a pleasant church, and many souls that had given evidence of conversion, yet he was undecided about returning for another year. He gave some reasons for his attitude but the church didn't want any change.

Figures Won't Lie.

Town reports are printed over the signatures of the town officers, and this is what they show in relation to the salary of the Board of Selectmen of Norway for the past six years:

Year	1900	1901	1902	1903	1904	1905
Total	\$1,563.10	\$1,563.10	\$1,563.10	\$1,563.10	\$1,563.10	\$1,563.10

Thus we see that there has been saved to the town an average of \$30 per year during the past six years over that of the three preceding years. The town agent during the years of 1900-'01 and '02 received for services \$200.34, in 1903-'04 and '05, \$3.00. Either the town agent or the chairman of the Board for 1903-'04 and '05 should be allowed a small amount of credit here.

Total paid for officers' salaries in 1902, \$1,563.10. 1905, 1,439.80.

The difference seems to be just.....\$256.34

Someone is said to have made some statement tending to show that the Board of Selectmen for 1903-'04 and '05 charged more for services than their predecessors ever charged, even when they acted as road commissioners, but no one seems to be proudly standing forth and claiming the authorship of this and numerous other statements made, published and declared. Let us see about the facts of this road commissioners' quirk as connected with the selectmen's job.

The selectmen acted as road commissioners in 1900. They charged and received for their services in that capacity \$184.87. They also acted as road commissioners in 1901 and received that year \$199.87. In both instances it was in addition to the amount received as selectmen's salary first above stated and was paid for out of the appropriation for Highways and Bridges.

In 1902 the selectmen did not act as road commissioners but served in exactly the same capacity as the succeeding Board has served during the past three years and charged therefor as above charged, the sum of \$204.35. Was there any complaint made that the Board charged too much for their services that year even in the campaign against them which resulted in their defeat? I think not.

I wonder also if all have compared the valuation of 1902 with that of 1905.

Year	1902	1905
Gain in three years	\$19,942	\$19,942

\$10,500 of this gain is on money at interest and stock in trade.

Think this over, look up your town reports and verify these figures. Don't be blinded by false and misleading statements made by those assumed to acknowledge them as their own, and for which numerous excuses are being made.

A. J. STEARNS.

The Quiet Club.

Early last week the following invitation was received by members of the Quiet Club and caused much excitement in that usually serene circle:

Misses Fuller and Baker wish to receive The "Quiet Club" members on Wednesday eve, March 8, at 8 o'clock, at the residence of Miss Fuller, 8 Elmworth Street, in making your toilet, they also request that you be dressed as children dressed. If your dressmakers are such you cannot play. Let your refusal be sent at an early day.

It is needless to say that a few refusals were sent, and the appointed evening all charged in. Dufforth street, where the fair little (7) hostesses were waiting to receive their guests, attired in dainty costumes of pink and white, long curls and elaborate bows greatly in evidence. The costumes were many and varied. "Mother Hubbards" and Buster Brown suits.

For those who did not care to play whilst there was a cosy corner, where they could play dolls or indulge in other childish amusements. Unique indeed were the refreshments served. There were animal crackers, sugared doughnuts, dainty tarts, sticky candy, chocolate mice, peanut sandwiches and lemonade. Flashlight pictures were taken of the party, and music was enjoyed. It was a really party and voted by all to be one of the best of the season.

Noble's Corner.

The school lunch with such success at their last box supper and so-called have decided to hold another this Friday evening, March 9th.

The teachers, parents and pupils of the Noble's Corner school, held a box supper and social, last Wednesday evening. During the evening, cake, lemonade and home made candy were served, and selections from the zephyron pleasingly rendered. Since Oct. 1st, this school has raised twenty-five dollars, which has been used to purchase an organ and ash curtains.

At the Baptist church next Sabbath evening, the pastor will begin a series of sermons on "Citizenship" as follows: "The Citizen in Business," "The Citizen in Politics," "The Citizen in Society," "The Citizen in Religion."

They met at Kingman on the arrival of the train last Friday morning. John Woodman and Mr. Coburn, who by letter invited them, were present. It appears to be that Mr. Coburn stands 6 feet 2 in his stockings and weighs 246 pounds, and he "looked out" for John, and took him to the Molokun Camps in good shape, where a pickarel dinner was waiting for them.

The oyster supper which was furnished by team No. 2 of Company D, N. G. S. M., the side which was beaten in the rifle match held at the Opera House, Feb. 19th, was held at J. H. Fletcher's Monday evening of this week. A general good time was enjoyed. The side which was beaten in the last contest has challenged the other side for another public shoot and one will probably be held in the near future. Lieutenants Hayday and Vance have resigned on account of business, which requires their absence for a time. A match is being arranged against 40 men picked out of companies A, B, E and L, 1st and 2d regiments, Naval reserves of Portland, Company M of Westbrook and Company K of Brunswick. Date to be announced later.

Man and wife wanted to carry on the Waterford Town Farm for the year to come. See ad.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of kidney remedy is soon realized.

It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

Bottles. You may have a sample bottle of Swamp-Root by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Written for the Advertiser. A Tale of a Lie.

Once on a time I told a lie Retiring, modestly and shy, I spoke with modesty and grace, I told so easy from my tongue, I may as well confess it.

I thought 'twas inspiration, I thought I'd made an end then, I thought 'twas hidden in my pen, I may as well confess it.

But when I saw its attitude Of impudence so weak and nude, I straightway had to dress it, And when I got it on its feet, I moved it over and over, as I did, Do 'stumping' for election.

When it was strong enough to run Alone, I thought myself all done Forever with deception. But oh, it grew so fast and strong I found 'twas dragging me along Regardless of objection.

If I should dare to pull away Its covering, 'twould make decay And die, I do not doubt it; But I have dived with it so long, I cannot live without it, I cannot live without it.

But in it ages yet to come, Again on earth I make my home, I mingle with life's other, I mingle with life's other, I will ever look me in the eye, And hail me as my mother.

CORA M. W. GREENLEAF.

What We'd Ought to Do.

Who is there plots about on earth Or sails the ocean's blue, Who's not been a thousand times informed That he's a liar and a cheat?

No matter what your calling is, Or where life's path takes you, There's always a lie in your life, And you'd ought to do.

To tell you what you'd ought to do, (For instance in the summer time) Take the farmer and his wife, Invite his city friends to spend A social week or two.

Upstairs where he has slaved, And still continues to, The friends accept and in due time Take a pleasant trip.

They come, and not a day's elapsed Before these friends are true, Have told the farmer forty times Of what he ought to do.

Or the cows ought not to moo, Or there's a fence askew, The chicken roosts and tend to, Or the cows ought not to moo.

In fact there's little that is right, And now my friend, its true, That is very easy to do, Of what they ought to do.

Now let us stop and look a bit Our own affairs into, And see if we are justified, Our good advice to strew.

Perhaps our city friends' back yards Are in as bad a stew As the farmer's whom they kindly told Of what he ought to do.

A number in the village saw the fire at Lynchville early Sunday morning. It proved to be the dwelling house of Stephen McAllister. The family barely escaped in their night clothes and lost all their possessions.

Rev. Geo. P. Fuller, our pastor, who preaches here and at Stoneham, is much liked. He is a good, sound preacher and we are hoping he will remain with us another year. There are a few who are trying to hold up the minister's hands. Oh, that the number might be the wheel. Now in the entire village might be blessed with a revival of religion such as we have not enjoyed for a number of years.

The only excitement that now exists is who will be the next postmaster. Fred Mosher and Albert Brown were the applicants. Mosher obtained the largest number of the patron's votes and was recommended for the position by Representative Littlefield. The next step in the case, a complaint was made to the department that his moral character was very bad, which has closed the wheel. Now in order to rebut this a paper of statement of facts received more than a hundred signatures. Whether this will meet the demand remains to be seen.

Gentlemen's Night.
Last Monday evening was gentlemen's night with the L. M. E. C., and the committee on entertainment, Mrs. F. C. Potter, Lizzie Staples, and Mrs. Lilla Gentleman did themselves proud. As the club meets in rotation at members' houses, it was found necessary from the beginning to limit the yearly membership to 20, which number makes a very agreeable social gathering when augmented with honorary members and gentlemen friends. The more serious work of the club is unlearned several times during the year by the presence of these guests, and they are always occasions for pleasant anticipation and remembrance.

Pike, one of our village traders, has met with an accident which caused him to be confined to his house for two weeks, also considerable damage to his store and goods. To repair the store and replace the goods, and his doctor's bill, will be quite an expense to him. Now, why wouldn't it be a good plan for his patrons who have traded pleasantly with him and have an account to come forward and contribute to him the whole or part of their account owing him and receive credit on their account for the same, which would help him out a great deal, and will be highly appreciated by him just at this time and they will receive his many thanks.

Rheumatism

Is one of the constitutional diseases. It manifests itself in local aches and pains, inflamed joints and stiff muscles, but it cannot be cured by local applications. It requires constitutional treatment acting through the blood, and the best is a course of the great medicine Hood's Sarsaparilla which has permanently cured thousands of cases. For testimonials of remarkable cures send for Book on Rheumatism, No. 1, C. I. Hood Co., Lowell, Mass.

Captain Suffered for Years

"North Abington, Mass., June 19, 1903.
Formerly a great sufferer with what the doctors called weeping eczema. I employed doctors and specialists and I grew weary. I had to walk the floor nights, sometimes crying and sometimes swearing. Anyone who has had it can tell me how I suffered. The doctors told me I was suffering all the tortures of hell. I tried all the ointments and salves ordered by the doctors, and everything I saw advertised, and all the old woman's whims. I got no help, and there wasn't a day in that time, nearly three years, that I have not tried something. Men and women went in and out of the house and gathered herbs and leaves and steeped them. I could do no work. Last January I accidentally saw your advertisement. The next day I got a bottle. The first application brought great relief, and I slept all night and every day since, something I had not done for nearly three years. I can never tell half. Anyone who has to call my home, Randolph street, North Abington, if they wish to hear one truth. Wish everyone to know that D. D. D. is the most wonderful remedy. The first bottle worked wonders. I could not go to church for nearly three years. I now go and can also do my work."

CONSUMPTION

Maxim's Maxims.

It is a great accomplishment to be able to get the whole truth in a nutshell. It matters not how much we learn from books, lectures or sermons, there will always be a great deal reserved for us to learn by experience.

The "sunshine in the soul" is most beautiful when there are nothing but clouds outside.

Absence of temptation does not denote presence of strength to resist it.

People tell us that if they had known years ago what they know now they would have had a different experience. They wouldn't know what they do now if they hadn't had the experience they have had.

Children's Corner.

A Story of a Robin—A True Story.
Once upon a time there was a pretty pair of robins flying around our house in the spring gathering mud, straws and hair to build their nest. She laid four little blue eggs and sat on the eggs until they were hatched, and there were four little robins which looked as if they were all mouth. She would fly away and bring worms, berries and other things to eat in the forenoon. In the afternoon I went out to the nest and the robins were gone. I looked in and all the little robins were gone. I suppose some cat or something ate all the little birds.

Yours truly, EVA McALLISTER.

NORWAY SOUTH PARIS

Well, I heard that she was visiting in Paris now.

Well, I have been out on my snowshoes to-day. Isn't this a lovely day after the snow. I like to walk on snow. I think it is so much fun.

I used to go to school on them to Slab City school but now I don't, my horse is the snowshoe now for me. Her name is Kit.

As my mother sat sewing by one of the kitchen windows the other day, she looked out of the window and saw four large deer, and she called me. I was in the sitting room, and she said, "Look quick, Isabel, and see those deer!" and I went to the window and I counted 15 deer, and we both think there were more than 15. Quite a lot. Who can beat that? Just let me know. And it is the truth, too.

I have written all the news and when I have some more I will write again. Good by, ISABELL ANDREWS, Lovell Center, Me., Box 63, Feb. 10, '06.

DEAR EDITOR:—I am a little girl eight years old and live on a farm. I like the Children's Corner very much so thought I would write and see if it appeared in print. For pets I have two cats named Wanda and Sam, and a large dog, whose name is Jack. I will close hoping to see this in print.

Gold on Oxford County Farm.
The news that Perley A. Whitney of Houghton has just discovered gold on his farm has created fresh interest in Maine gold mining possibilities. Several assays of the Houghton ore shows that the gold runs \$5.50 to the ton.

Oxford County is being exploited as a gold bearing section and a company has been formed to develop it. The company owns 240 acres and has assayed ore running from \$14 to \$125 to the ton, according to the statements of its backers.

HILLS

PRACTICAL GRADUATE OPTICIAN.

The only optician in this county who has ever personally attended an Optical School and has diploma for same.

Hills is recommended by nearly every first-class Physician in Oxford County, what more do you want?

If your eyes need treatment go to your regular Physician, IT'S SAFER than fooling with Quack Doctors and Fake Opticians.

NORWAY ADVERTISER, 1895, 11 years ago, says:—"Vivian W. Hills, our leading optician has been in Portland the greater part of the past few weeks, taking a post-graduate optician's examination, under the charge of a celebrated New York oculist. This examination, and practice at the Eye and Ear Infirmary must necessarily be a benefit to Mr. Hills in his examination of the eye. Mr. Hills took his first course ten years ago in Chicago and ever since has been in advance of all others. He also was the first in Oxford County to make a specialty of fitting the eyes for all errors."

Hills' prices are the lowest. Why pay \$5.00, \$4.00 or \$3.50 when you can get the very same at Hills for \$2.50. Why pay \$2.50, \$2.00, when you can get the same at Hills for \$1.00?

Don't understand us saying we are the only one who can fit you—some "traveling men," "spectacle dealers," "would be opticians" and "quack doctors" will fit you so you can see, but you will pay double the price that HILLS would ask you for the same. How do you know but a pair fitted by HILLS would be less strain on the eye? Try it, for why take chances? Don't fool with your eyes.

Anyone can sell Glasses, WE FIT THEM.

HARRISON.

The Wyanogonic Club met Tuesday afternoon, Feb. 27, with Mrs. Gertrude Blake. The room was prettily decorated with flags and each one on her arrival was presented with a dainty souvenir of red, white and blue ribbon. Eleven members responded to the roll call with original rhymes. There were many little local hits concerning the club, which caused much merriment and fun. Interesting and instructive papers were written and read on the following subjects: Martha Washington and Dolly Madison written by Mrs. Lizzie Doughty but in her absence read by Mrs. Mary Sylvester, Mrs. Cleveland and Mrs. Roosevelt by Mrs. Gertrude Blake, and Social Life in Washington by Mrs. Anna Whitney. A social half hour followed, which was much enjoyed by all present.

The great event of the present week is the ball at Grange Hall, Monday evening. In "A Fisherman's Luck," see program on page 6th, every player took his or her part in a very creditable manner. The play presented both comedy and pathos, and laughter and tears followed each other in quick succession. H. E. Smith and Katherine Wight provoked most of the laughter. Miss Wight was so original that she might almost be said to have created her part. The company go to Watford with the drama, March 12th, and to Bolster's Hills, March 15th. There is also some talk of repeating it here.

C. F. Ricker purchased a 1906 Cadillac runabout at Portland last week and A. P. Ricker bought a Buick touring car. P. P. Bennett is thinking of having a Stanley steamer this summer.

There will be a meeting of the people owning lots in the burial ground at Harrison village, at Temperance Hall, Wednesday, March 14, at 3 p. m., to decide on some action to secure permanent care of the grounds.

The ball of March 5th was a social and financial success. The music of seven pieces was said by many to be the best ever given here. Charles Doughty was the efficient floor manager. Over fifty dollars, which go towards the new piano. A beautiful supper was served at intermission by the ladies of Lakeside Grange.

A farmer's institute will be held at the Grange hall, March 22. Prof. L. R. Jones, of Vermont, and F. S. Coley, of Massachusetts, will aid in the meeting.

Alexander Day is very low from heart trouble and other complications. His physician gives no hope for his recovery. His son, Lewis Day, was called home by telegram from Medford, Monday.

Town meeting passed off very quietly. There was not so large an attendance as in some years back, and not very much discussion upon any articles in the warrant. It was voted to pay the road commissioner three dollars per day when on duty, and he was given instructions to pay such prices for hay, manure and teams as in his judgment would be reasonable.
